### Home Team Defeats Appleton City Sunday. Adrian Friday.

A big crowd of fans turned out Sunday to see the home team administer a defeat to the boys from Appleton City. Hook pitched for the visitors and was hit for six safe hits and every one of them came when they did the most good, and his support wobbled at the most critical times, several of the home team's runs being the result of bone headed plays on the part of the visitors.

Hupp pitched for Butler and while he was hit for the same number of hits that his team mates got off Hook they were scattered so that they did no harm. He pitched "heady" ball at all stages and received good support and never was in danger.

Craig caught a good game, his coaching being invaluable to the younger players.

The score:  
Appleton City.

In the game with Adrian Friday Earl Orear pitched another good game while the locals battled McQuerry, who had beaten them the previous week, at will. The score was: Butler, 24; Adrian, 6. Butler could have made more but they saved some for Sunday.

## Bates County Breeders Attend Association Meeting.

The Southwest Jersey Cattle Breeders Association, with headquarters at Kansas City, held their annual picnic at Long View Farm last Saturday. The following Bates County men attended: John Speer, Blain McCullough, Jimmie Harrison, Lon Pipes, M. V. Owen, and Homer Owen.

Mr. Speer is a member of the association.

The forenoon was spent in sight-seeing about the farm and looking at the fine stock. A continuous moving picture show was in operation free to all. It was brought from New York City especially for the occasion. It is a love story in which the Jersey cow plays a prominent part. It was gotten up by the American Jersey Cattle Club to advertise the merits of the Jersey breed.

After dinner there was speech making, a stock judging contest, and a horse show was given by Miss Loula Long to the delight of the crowd.

A feature of the horse show was a half mile trotting race with five entries. It was a spirited race. Miss Long herself driving the winning horse.

The Bates county crowd voted it a day well spent and all are enthusiastic in their praise of Long View Farm, its hospitality, and its fine stock. They all came back with a greater respect for the beautiful Jersey cow, which is one of the leading features of this farm. Some of the finest specimens of the breed to be found in the United States are at this farm.

## Cancer Can be Cured Says Wisconsin Board.

Madison, Wis., June 17.—"The first and foremost fact which the public should know about cancer is that it is curable. The old idea that this disease meant positive death no longer holds true."

This advice from the state health department is given in discussing census reports of 80,000 cancer deaths in the United States last year.

"There is only positive cure for cancer—early and complete removal," the report says.

## In and Around Maysburg.

Mr. Albert Edrington and family visited at Archie Anderson's Sunday after Sunday school.

Mr. John Yates and family visited at Mr. Charley Robinson's Sunday after Sunday school.

Mr. Billie Shelton, wife and daughter, Florence, took dinner at Mr. Sam Farmer's Sunday.

Tan White and family took dinner at Montia Simpson's Sunday.

There was a large crowd attended the ice cream supper at Lucas Saturday evening.

Claud Clark came up from Montrose and took his mother and father and brother, Charley, to the Childrens Day exercises at that place Sunday evening.

Mr. Joe Jacobs and family, Mr. Sam Jacobs and family, Irene and Pauline Windleton, Lela Shelton, Annie, Myrtle, Doll and Mildred White visited at Mr. Carter's Sunday.

Mrs. Foelt also spent the afternoon with them.

Preaching at Cove Creek Christian church every first Sunday by Prof. Herman Maxey of Butler. Everybody invited to attend.

Preaching every third Sunday at the Cove Creek Baptist church. Sunday school every Sunday at both churches at 10 o'clock. You are invited to attend.

Tan White, Sterling Harness, Riley Gilbert and others of this vicinity sold hogs in Ulrich last week.

Mr. Frank Williams and family and Mr. Charley Steward visited at Mr. Will Hoover's Sunday.

The farmers are preparing to cut their oats soon.

Mable Harness fell a few weeks ago, breaking her nose. They decided an operation would be necessary and Saturday they took her to Clinton where, with the assistance of Dr. Step of Ballard, Dr. Derwin performed the operation. It was quite serious but they think she will get along all right.

Mr. and Mrs. Ben Mills had a little son come to bless their home Friday night.

Several of Mrs. Harne Harness' relatives spent Sunday with her.

## A NEIGHBOR.

### Virginia-Grand View Pickups.

(Too late for last week.

A heavy rain fell here Saturday and Sunday night.

R. A. Taggart and J. F. Shaw of Centerville, Johnson county, Mo., are visiting at the home of the latter's son, Jesse Shaw.

Dud Moss discontinued work at John Harper's one day last week.

The Childrens Day exercises at the Methodist church, which were to be held last Sunday, were postponed on account of the rain.

Jas. Clyde, Lena and Edward McGuire spent Sunday at the home of their uncle, J. K. McGuire, northeast of Virginia.

Don't forget the township Sunday school convention at the Methodist church next Sunday, June 18.

Miss Margie Greenup attended a League convention at Jasper, Mo., last week.

Children's Day exercises at the Methodist church will be held Sunday, June 25. Everybody come.

Mrs. Anna L. Hill visited last week with her sister-in-law, Mrs. Thad S. Harper and family. Miss Thelma Hill is visiting there this week and Mrs. Hill is visiting in Butler.

The W. C. T. U. will meet at the home of Mrs. Geo. H. Thompson next Thursday afternoon.

## John Speer Ships Some Fine Jerseys.

John Speer, of near Adrian, was in the city Friday and informs us that he has shipped three registered Jersey calves to parties outside the county recently.

Mr. Speer is rapidly gaining a reputation as a breeder of fine Jersey cattle and is receiving many inquiries and orders for his stock.

He markets 100 pounds of butter each week for which he receives the top price and is of the opinion that that beats the ordinary farming.

## Bill Ready for Congress.

Washington, D. C., June 15.—A new universal training and service bill will be presented to Congress soon. It provides that all male citizens shall enlist for six months' military camp training during the year until they become 18 years of age, and thereafter be discharged into the reserved. In time of war these men may be called into service, the youngest first. The bill was drawn by Captain Geo. Van Horn Moseley of the general staff of the army.

## MISSOURI NOTES

The preparedness idea has struck El Dorado Springs. The young men of that town are organizing a National Guard company.

The annual convention of the Missouri Christian Endeavor Union will be held this year at St. Joseph July 6 to 9. 2000 delegates are expected to be present.

A number of suffragettes from Warrensburg attended the Democratic convention in St. Louis last week. They took part in the "Golden Lane" parade.

The temporary injunction granted by the Johnson County Circuit Court against delivering intoxicating liquor to anyone who had been convicted of bootlegging was made permanent last week.

No "Fountain of Youth" is needed for the residents of Maries county where, according to the Belle Times, the first white girl born within its borders is hale and hearty though in the advanced 90's. A score of other settlers could be named there more than 80 years old.—St. Joseph Observer.

Prof. C. A. Burke, superintendent of the Cass County Schools, has won for himself the title, "The Pedestrianating Pedagogue." He has visited all of the 122 schools in the county at least once during the last year and did the entire distance on foot. In wet weather he wears rubber boots and carries his shoes.

"Died with his hand to the plow," could be said of Alexander Baker, 63 years old, of Macon county. His body was found fallen forward upon the handles where he had lunched and the lines were wrapped around his shoulders. His team, a quiet one, had stopped instantly.—St. Joseph Observer.

## Illiteracy in Missouri.

Howard A. Gass, superintendent of public instruction in Missouri, states that there are 48 states in the Union, and Missouri ranks 32nd in illiteracy. And yet there are people in old Missouri who claim that we have "too much education." Hear what Mr. Gass says:

"Illiteracy means degeneracy—perhaps not moral degeneracy, but degeneracy in culture and in brain power. Every illiterate man means just another tool in the hands of corrupt interests which depend upon the ignorant for their support. Every man who cannot read or write is in line for the adoption of the most extreme anarchistic and socialistic doctrines, consequently, that state is in a poor way that has a possible 111,116 persons who either have, or will have, to depend upon others for information on state affairs."

"The number of illiterates can be decreased by an increase in the effectiveness and universality of our school system; and the state that would protect itself must free its citizens from the curse."

## 240 Pound Pigs.

With corn above 50 cts. hogs eat their heads off very quickly. The hog that takes two or three months to get on full feed never brings you a profit.

When you are ready to put your shoats on feed, begin with the B. A. Thomas Hog Medicine. Use regularly and watch your shoats round out into fat hogs in nine months—hogs going well over 200 pounds and as high as 240 pounds. Figure the average feeding and you will see why the B. A. Thomas medicine is a good investment. Try feeding out your hogs on this plan and if you are not more than pleased, we will refund the cost of the medicine.

## Director of Reserve Bank Must Resign.

Washington, June 16.—Vance McCormick, chosen yesterday by President Wilson to be chairman of the Democratic National Committee, must resign his position as a director of the Federal Reserve Bank of Philadelphia now that he has agreed to accept the appointment. This was stated by the Federal Reserve Board here today.

Under a regulation of the Board, no man may be a director of a Federal reserve bank if he holds a political office. By the terms of the regulation, this ban was expressly to cover political committeemen.

## HERD OF SHORTHORNS KILLED

### Fine Stock of Douglas Burns, Pike County Man, Was Afflicted with Tuberculosis.

The prize winning herd of Shorthorn cattle owned by Douglas Burns of Pike county was condemned by the state veterinarian recently. The animals were afflicted with tuberculosis. Mr. Burns, who went to St. Louis to see his cattle slaughtered, was much surprised to find that the best looking cow of the herd, which showed no outward signs of being affected, was in the worst condition of the entire lot. An internal examination, however, proved beyond a doubt her unfitness. A few of the animals passed inspection after slaughtering and were sold as beefs.

Mr. Burns was awarded the limit of damages provided by the state, which is \$200 per head, in addition to the amount he received from the packing houses and soap factories where he sold the carcasses.

Among the animals infected was one cow that had cost \$800. Others of the herd were high priced.—Clark Chronicle.

## North New Home.

## To the Farmers and Stockmen

The business of every man, whether he be a banker or a day laborer, is to render service; and he who, by reason of special fitness and experience can render superior service, is the one who, in striving for success, usually succeeds—he wins because he deserves to win.

Our reason for this little preamble is to call your attention to our special fitness to carry on our business, to-wit: that of the practice of Veterinary Medicine.

We have had twelve years of successful practice. Two years in the largest Veterinary hospital in Kansas City. We come to you, therefore, offering you the benefits of our years of study and practice of medicine, and feel qualified to scientifically administer to the ill at your live stock. No experimenting at your expense.
